

## Checklist for submitted manuscripts

Please check the following items:

- ☐ Address the review comments (enclosed) in your revision. Please itemize how you have addressed each comment in a letter accompanying your revised manuscript.
- ☐ See the enclosed Instructions to Authors for guidance on manuscript format and reference style.
- ☐ Provide a signature for authorship responsibility from each author.
- ☐ Provide signature of corresponding author for acknowledgment statement.
- ☐ Provide written permission from the publisher of any figures or tables that have been previously published or adapted from published figures or tables.
- ☐ Provide written permission of persons who are identifiable in any photographs, case descriptions, or pedigrees.
- ☐ Provide written permission from individuals named in personal communications (oral or written) stating that they agree to be named and that the information cited in the personal communication is accurate.
- Q Provide a statement disclosing any possible conflict of interest related to this article; for example, Dr. \_\_\_\_\_ is an officer of \_\_\_\_\_ company (or receives funding from \_\_\_\_\_ Co.) that produces \_\_\_\_\_. If there is no conflict of interest relating to the information contained in this article, please sign here \_\_\_\_\_.
- Q Express all units of measure in Systeme International (SI) units or in both conventional and SI units (see enclosed Instructions to Authors).
- Q For reports of research, provide 95% confidence intervals whenever possible. When p values are provided, they should be exact and expressed in 2 digits to the right of the decimal point, or to 3 digits if  $<.01$ . Possible exceptions are tables comparing baseline characteristics of subjects, in which p values may be expressed as  $<.05$ ,  $<.01$ , or  $<.001$  in a table footnote.
- Q For illustrations, send high resolution .eps or .tif files, slides, photographs, prints, or native electronic files.
- Q Submit a short (2-3 sentence) biography per Instructions to Authors.
